## "North of the Grave"

To start off by saying I really like the book -rational. It was very emotional and mind wrecking and insp  
The person I feel for the most is sharia  
I feel as if she had the roughest part in the book being that she went through her situation I feel extremely sad for her because she had to pay for something she had nothing to do with and her son had to pay as well if anything she needs the counseling and therapy because what she went through was deep and horrible plus her son had to watch while it went down thats just crazy I wish sharia would just leave them clowns alone and find something real (me) lol. But on the other hand I respect howard for what hes doing and trying to accomplish.
